Report of Principal and School Improvement Council

At White Knoll Elementary, our mission is to create a high-performance learning culture where a safe and nurturing environment, innovative teaching and challenging programs produce physical, emotional, social and academic excellence for all students.

Our rapidly changing population presents challenges. As we strive to accommodate students' needs, high levels of academic achievement continue to be a top priority at WKES.

Professional collaboration has been focused on overcoming barriers to help us reach our goals. Teachers collaborate weekly to develop common assessments and lessons and to analyze data. A full-time Literacy Coach supports our teachers by training them and helping them implement a balanced literacy program that highlights best practices in reading and writing instruction.

A full-time Mathematics Coach works closely with teachers and helps them use instruction to support conceptual learning in mathematics. Through our partnership with the University of South Carolina as a Professional Development School, teachers and administrators had the opportunity to receive on-site staff development with a mathematics instructor from USC.

We are proud to announce that WKES was one of the first two elementary schools in the state of South Carolina to receive national recognition for our School Guidance Program. The RAMP designation is awarded to schools that align with the criteria set in the American School Counselors Association National Model, and that are committed to delivering a comprehensive, data-driven school counseling program as part of an exemplary educational environment.

The WKES PTA continues to provide unlimited support for our school. Through their hard work and the support of parents and the community, we were able to purchase new playground equipment and to provide additional funds to the media center for the purchase of additional books.

We feel very fortunate to have this wonderful support from our families and community. Working together, we will continue to provide an excellent education for all students.
